

# DECOLONIZING TEACHING INDIGENIZING LEARNING

Please join us on January 28th for an evening of thought-provoking presentations aimed at cultivating a diverse community to create and sustain equitable and inclusive campuses and teacher education experiences.

Our focus for this event is on the perspectives and experiences of racialized and marginalized people previously absent in teacher education programming. We invite all faculty, staff and in-service teachers involved in teacher education to join us to address how Indigenous erasure, racism, ableism and multiple other forms of oppression are taken up in the Faculties of Education at both Simon Fraser University and the University of British Columbia, and how to address existing gaps through changes to practice and policy.
